

GOLDEN FLUID

Heavy-duty hand cleaner with a fresh citrus fragrance and natural microbeads

GOLDEN FLUID is a premium quality, heavy-duty hand cleaner formulated as a flowing gel for easy dispensing, pouring and pumping.

ADVANTAGES

Powerful, beaded orange hand cleaner developed specifically for the removal of heavy oil and grease from the hands.

Effectively removes adhesives, asphalt, dyestuffs, inks, lacquers, paints, resins, tars and other hardened contaminants encountered routinely within manufacturing and maintenance.

Contains no paraffinic solvents.

Reformulated to contain only biodegradable, natural microbeads that help to gently scrub and lift dirt from the hands.

Golden Fluid has been developed to be easily dispensed.

Contains skin conditioners and moisturisers to keep hands supple even when used repeatedly.

Fresh citrus fragrance.

TYPICAL APPLICATIONS

- Engineering, maintenance departments, workshops, printing, factories, horticultural industry etc.

APPLICATION INSTRUCTIONS

Apply on wet hands.

Rub thoroughly into skin, under nails, between fingers.

Rinse away with fresh water.

Use as supplied. Suitable for use through EQ432 (Refillable dispenser).
